Deidre S. Gifford, MD, MPH
Acting Commissioner

Ned Lamont
Governor
Susan Bysiewicz
Lt. Governor

Environmental Health and Drinking Water Branch

EHS Circular Letter 2020-65

Date: August 20, 2020

To: Code Advisory Committee
Local Directors of Health

From: Robert W. Scully, PE 
Supervising Sanitary Engineer
Environmental Engineering Program

Subject: Revisions to the *Technical Standards for Subsurface Sewage Disposal Systems*

The Environmental Engineering Program will be discussing proposed revisions to the Department's *Technical Standards for Subsurface Sewage Disposal Systems* (Technical Standards) at an August 27, 2020 Code Advisory Committee (CAC) online meeting. In accordance with Public Health Code regulations, the Technical Standards are reviewed annually and any changes to the standards are made available on January 1st of the year. A summary of the proposed revisions, meeting agenda, and instructions on joining the meeting will be posted on the program's website prior to the meeting:

<https://portal.ct.gov/DPH/Environmental-Health/Environmental-Engineering/Environmental-Engineering----Subsurface-Sewage>

For more information on the CAC and the Technical Standards revision process please see the document titled *Technical Standards Revision Process and Code Advisory Committee* that is available on our website. The document lists the various organizations that are represented on the CAC. Comments submitted by represented organizations on proposed revisions to the standards will be discussed at upcoming CAC meetings. Subsequent CAC meeting information and future updated summaries of the proposed revisions to the Technical Standards will be made available on the website. Comments on the proposed revisions can be submitted to the program's email address: DPH.EnvironmentalEngineering@ct.gov
