DEPARTMENT OF PUBLIC HEALTH

Circular Letter EHS #2008-37

Date: June 5, 2008

To: Directors of Health and Chief Sanitarians

From: Robert Scully, Supervising Sanitary Engineer, Environmental Engineering Program

Re: Updated Appendixes C & D (Filter Fabrics & Non-Concrete Septic Tanks)

Attached are updated lists of approved filter fabric and non-concrete septic tanks. The lists supersede Appendixes C and D in the January 1, 2007 Technical Standards for Subsurface Sewage Disposal Systems. Also attached are approval letters for recently approved filter fabrics and a new line of non-concrete septic tanks. Please note that some previously approved non-concrete septic tank manufactures are no longer on the approved list. Several manufactures no longer produce non-concrete septic tanks, and other companies have merged. A copy of a memorandum sent to non-concrete septic tank manufactures is also attached for your information.

cc: Suzanne Blancaflor, Chief, Environmental Health Section, RSB, DPH
Pamela Kilbey Fox, Branch Chief, Local Health Administration Branch, DPH
